

# Moving Dutchess Forward

Planning for our transportation future.

## Introducing Moving Dutchess Forward

How should Dutchess County prioritize transportation improvements for the next 25 years? That may seem like a long time, but if you drive a car, use the bus, ride a bike, walk, or care about the vibrancy and livability of the county, then the [Moving Dutchess Forward](#) plan affects you!

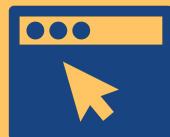

Before the pandemic, we had envisioned using a robust public outreach strategy that included a diverse mix of in-person events. We would have met you at local meetings, open houses, or a fun community event in your hometown.

Everything has changed in 2020. We can't meet you in person to learn about your experiences and thoughts. However, we still want to share our progress with you and hear what you have to say!

## Get Involved

[Take the survey in  
English or Spanish](#)

Take our survey to get entered for a chance to win a gift card!  
Survey will close December 31st.

## Download Project Graphics

We've also developed various materials for the community to distribute. You may see these at local agencies, non-profits, and on buses.

Download them to distribute digitally or print any of the materials and post them in your community. Share them with groups you are part of, including your family and friends!

[Contact us](#) if you'd like printed versions of the graphics in bulk (20-unit minimum).
