

Moving Dutchess Forward

Planning for our transportation future.

"Advocate" Now Live!

Visit [Moving Dutchess Forward](#) to explore actions that local municipalities, the Dutchess County Transportation Council, and Dutchess County government can pursue to remove transportation barriers and support economic opportunity, protect our environment, and improve quality of life.

Local Actions

Mayors, Supervisors, local Board members and other municipal staff have a lot to manage. While local politics can be tough, we can all agree on basic principles. We all want safe, thriving communities that welcome and provide space for all people. Ask yourself the questions below and think about your community. Maybe you can't address all these issues; that's okay. Pick a few that speak to your community's needs and dive into the recommendations and resources. And let us know what else you need — we're happy to help.

Questions to Consider

1. Is it safe and easy to walk around our downtown or town/village center? What if you use a wheelchair, cane, walker, or stroller? +

SIDEWALK BEST PRACTICES

Flood Vulnerability Tracking

We are collecting photos from flood events that have affected transportation infrastructure. If you have photos of a flood event, please [email us](#) with:

- The location of the event (including the road/bridge/waterbody name)
- What year it happened and the name of the storm (if it had one)
- Whether anything has been improved since the event (a new bridge, for example)

Help us share information about *Moving Dutchess Forward!*

We held a virtual public meeting on March 11, 2021 and would like to offer a summary presentation to municipal Boards and community organizations.

Please reply to this email to schedule a brief 15 minute presentation.

Thank you for your assistance with our outreach efforts!
